

Weebly for Education is perfect for creating classroom websites, student e-portfolios, and websites for assigned projects. The drag & drop website editor is stunningly simple to use with a variety of multimedia features available, such as photo galleries, videos, audio players, & maps. This special educational version of Weebly is appropriate for use with students of all ages, providing a protected environment that teachers control. More information is available at <http://education.weebly.com>.

Weebly for Education: School/District Edition

Key benefits:

- Bulk creation & management of all teacher accounts in a simple interface
- Centralized billing of all teacher accounts
- Teacher & student accounts have all pro features enabled (see feature matrix below)
- 30 day free trial available upon request (email education@weebly.com)

Cost:

Teacher accounts cost \$10 each/year and student sub-accounts cost \$1 each/year (discounts available if over 5,000 accounts are needed). The School/District Edition is intended for technology coordinators managing Weebly accounts in bulk. A minimum of 50 teacher accounts **or** 200 total accounts (student + teacher accounts) is required to use the school/district setup. If fewer accounts are needed, check out the individual teacher account options below.

Weebly for Education: Individual Teacher Edition

Weebly for Education offers a 100% free version for individual teachers, which includes the majority of features & 40 student sub-accounts. Pro accounts cost \$39.95/year & offer additional features for the teacher and student accounts. Additional student sub-accounts can be purchased by teachers for \$1/account, in packs of 10.
